National Healthcare Group

ALLIED HEALTH & PHARMACY CAREER BOOK

TOGETHER TRANSFORM TO SHAPE HEALTHCARE

As a member of National Healthcare Group, TTSH is one of the largest multidisciplinary hospitals in Singapore with over 10,000 staff. We host 61 clinical disciplines within our 3 healthcare institutes, with over 2100 beds by the end of 2023.

Our expanded mission of care in Central Health where we can reach out to over 1.4 million residents in the region allows us to **Build Health Together** with you, by **Being the Hospital Without Walls**.

We want to build **Healthier, Happier Communities** where people are **Activated & Supported** to **Live Well & Age Well** in their **Homes & Communities**.

We firmly believe that Better Care can only be achieved by developing Better People.

Better People

We continually invest in our people to prepare our workforce to be ready, not only for today, but for tomorrow. In delivering better value for our staff, we can deliver better value for our patients. Empowering our people to innovate and deliver future care models to meet the challenges of an aging population.

Better Care

We strive to adopt continuous improvement and innovation strategies to drive value for patients. This includes the use of technologies to improve patient outcomes, safety and productivity. Collectively, we work towards better care that is future ready.

Better Community

We also believe in supporting strategic and ground up initiatives to enable our community, train our workforce for the future, and drive healthcare innovation and research. We will continue to work towards strengthening our many efforts across and beyond our Hospital to develop Better People, delivering Better Care for a Better Community.

Yours Sincerely,

TAN TOCK SENG HOSPITAL

TTSH ALLIED HEALTH & PHARMACY

TTSH Allied Health & Pharmacy holds firmly to the notion of providing excellent rehabilitative care to our patients. We work closely as a multidisciplinary team to support the whole suite of clinical services that TTSH runs, ranging from acute inpatients, ambulatory and outpatient care as well as community and population health initiatives.

Guided by our care philosophy, Every Moment A Rehab Moment, we aspire to deliver rehab moments that are personalized, data-driven, greater emphasis on patient activation to support the continuity of care from the hospital into the community and home of the population we serve.

Our Allied Health Professionals have built up a strong culture of education, research, improvement, and innovation through leading award-winning initiatives.

BUILDING YOUR CAREER WITH US

- ★ Developmental opportunities in different tracks: **Clinical & Improvement, Education, Research & Innovation, Management & Leadership.**
