Arts-based programmes conducted as part of WeCare Arts Fund (2019-2023)

Interested to engage seniors through the arts? You can refer to the list of arts-based activities for seniors previously funded under the WeCare Arts Fund initiative. This list is provided for informational purposes to Community Care Organisations/Social Service Agencies. To find out more about the programmes and the suitability for the seniors you care for, please contact the artists directly through their websites. Suggested activities should be reviewed to ensure they are suitable for participants. When in doubt, please seek the advice of appropriately trained care professionals.

About the WeCare Arts Fund (For Social Service Agencies only)

The WeCare Arts Fund (WCAF) aims to increase arts access for beneficiaries within the social service sector. Social service agencies can use this fund to work with artists to customise their workshops to the needs and interests of their beneficiaries in performing, visual, literary, or multi-disciplinary art forms. Social service agencies may apply for WCAF through the Our SG Grants portal.

The WeCare Arts Experiences (WCAE) encourages beneficiaries from less privileged backgrounds to access ticketed arts and cultural experiences curated by the NAC and cultural institutions for free.

For eligibility and other application enquiries for WCAF and WCAE, please email the relevant CDC officer in your district, or email NAC_Feedback@nac.gov.sg. For more information visit WeCare Arts Fund and Arts Experiences | National Arts Council (nac.gov.sg).
